Javascript visual quickstart guide 9th edition pdf download pdf full version

You may also view that comment in your browser by activating the link to email-data.txt directly above this note. From the basics to more advanced techniques, this book and Web Edition guide you through: Designing, structuring, and formatting sites Using images, links, styles, tables, and forms Adding media, visual effects, and animations Using CSS to gain full control over elements, fonts, colors, and layouts Making the most of sophisticated HTML5 and CSS3 capabilities Applying modern best practices for ensuring accessibility and responsiveness Principles of testing, debugging, and publishing sites and applications Exploring leading JavaScript libraries and build tools for more advanced web development Part 1: The Basics1. Semantics of HTML4. What are HTML and CSS?2. Working with Images in JavaScript Sample Pages Download Chapter 4 Working with Images Table of Contents IntroductionChapter 1: Getting Acquainted with JavaScriptChapter 2: Start Me Up!Chapter 3: Your First Web AppChapter 4: Working with ImagesChapter 5: Windows and FramesChapter 6: Form HandlingChapter 7: Forms and Regular ExpressionsChapter 8: Handling EventsChapter 9: JavaScript and CookiesChapter 10: Objects and the DOMChapter 11: Making Your Pages DynamicChapter 12: Applied JavaScriptChapter 13: Introducing AjaxChapter 14: Toolkits, Frameworks, and LibrariesChapter 15: Designing with jQueryChapter 16: Building on jQueryChapter 17: Scripting Mobile DevicesChapter 18: BookmarksAppendix A: JavaScript Genealogy and ReferenceAppendix B: JavaScript Reserved WordsAppendix C: Cascading Style Sheets ReferenceAppendix D: Where to Learn More eBook (Watermarked) ISBN-10: 0-13-670250-3 ISBN-13: 978-0-13-670250-4 Learn HTML and CSS with the Visual QuickStart Guide – the quick and easy way! This new edition features over six hours of instructional video that guide you through HTML and CSS, getting you up and running with web development in no time. The images in the book feature concise steps and explanations, while the videos enhance and expand the information in the book and provide an alternative method for learning. Readers should register their book on peachpit.com to gain access to the Web Edition, an online version of the book that includes the supplementary video. HTML and CSS remain the linchpin of the Web. CSS Animations19. Accessibility25. Targeting Elements13. Semantics of CSS12. Readers can start from the beginning to get a tour of the programming language, or look up specific tasks to learn just what they need to know. This is absolutely not what I recommend you do when building your pages. Adding a Single Video to Your Webpage Page 452, Fig A: webm-video.html Page 452, Fig C: webm-video-with-dimensions.html Adding Controls and Autoplay to Your Video Page 454, Fig A: webm-video-with-controls.html Page 455, Fig G: webm-video-with-controls-autoplay.html Looping a Video and Specifying a Poster Image Page 456, Fig A: webm-video-with-autoplay-loop.html mp4-video-with-autoplay-loop.html Page 456, Fig B: webm-video-with-poster-image.html Preventing a Video from Preloading Page 457, Fig A: webm-video-with-preload-none.html Page 458, sidebar: webm-video-with-preload-metadata.html Using Video with Multiple Sources and a Text fallback Page 459, Fig A: video-with-sources-and-text-link-fallback.html Adding an Audio File with Controls to Your Webpage Page 464, Fig A: ogg-audio-with-controls.html Autoplaying, Looping, and Preloading Audio Page 466, Fig A: ogg-audio-with-autoplay-controls.html Page 466, Fig C: ogg-audio-with-loop-controls.html Page 466, Fig D: ogg-audio-with-preload-metadata.html Extra: ogg-audio-with-preload-none.html Providing Multiple Audio Sources with a Fallback Page 468, Fig A: audio-with-sources-and-link-fallback.html Adding Video and Audio with a Flash Fallback Page 471, Fig D: video-audio-flash-fallback-add-file-to-head.html Page 472, Fig F: video-flash-fallback.html Page 473, Fig H: audio-flash-fallback.html Page 473, Fig J: video-and-audio-flash-fallback.html Back to Top Chapter 18 Tables Back to Top Chapter 19 Working with Scripts Back to Top Chapter 20 Testing & Debugging Web Pages Back to Top © Copyright 2013-2018 htmlcssvgs.com. Media8. The end result is: finished-page.html and lejournal.css Back to Top Chapter 12 Building Responsive Webpages Back to Top Chapter 13 Working with Web Fonts Note: The filenames in the samples below do not always correlate to the filenames mentioned in the chapter. JavaScript Libraries & Other Build Tools Page 2 © 1996-2014, Amazon.com, Inc. CSS Variables20. The end result is: text-final.html (it uses text-decoration.css) Page 231, Fig C: no-styles.html (page without any CSS applied except browser defaults) Choosing a Font Family Page 232, Fig A: font-family.css (view results in font-family.html) Specifying Alternate Fonts Page 233, Fig A: font-family-alternate.css (view results in font-family-alternate.html) Creating Italics Page 236, Fig A: font-style-italic.css (view results in font-style-italic.html) Page 237 (sidebar) real-italic-vs-faux-italic.html Applying Bold Formatting Page 238, Fig A: font-weight-bold.css (view results in font-weight-bold.html) Page 239, Fig D: font-weight-bold-numeric-weights.html Page 239, Fig E: real-bold-vs-faux-bold.html Setting the Font Size Page 240, Fig A: font-size-pixels.css (view results in font-size-pixels.html) Page 241, Fig D: font-size-ems.css (view results in font-size-ems.html) Page 243, Fig G: font-size-rems.css (view results in font-size-rems.html) Setting the Line Height Page 245, Fig A: line-height.css (view results in line-height.html) Setting All Font Values at Once Page 246, Fig A: font-shorthand.css (view results in font-shorthand.html) Setting the Color Page 248, Fig A: color.css (view results in color.html) Changing the Text's Background Page 250, Fig A: background-color-fga.css (view results in background-color-fga.html) Page 251, Fig C: background-color-fgc.css (view results in background-color-fgc.html) Page 251, Fig E: background-color-plus-padding.html Page 252, Fig G: background-img-repeat.css (view results in background-img-repeat.html) Page 253, Fig I: background-img-repeat-x-white-bg.html Page 253, Fig K (shown on left side of L): background-img-repeat-x-black-bg.html This doesn't have the rule in Fig K (that sets html { min-height: 100%; }) Page 253, Fig K (shown on right side of L): background-img-repeat-x-black-by-2.html Page 254, Fig M: background-img-fixed.html Page 254, Fig O: background-img-scroll.html (the default behavior) Page 255, Fig P: background-img-position.html (view results in background-img-position.html) Controlling Spacing Page 257, Fig A: letter-spacing.css (view results in letter-spacing.html) Adding Indents Page 258, Fig A: text-indent.css (view results in text-indent.html) Aligning Text Page 259, Fig A: aligning-text.css (view results in aligning-text.html) Changing the Text Case Page 260, Fig A: text-case.css (view results in text-case.html) Using Small Caps Page 261, Fig A: small-caps.css (view results in small-caps.html) Decorating Text Page 262, Fig A: text-decoration.css (view results in text-decoration.html) Setting White Space Properties Page 264, Fig A: whitespace.css and whitespace.html Back to Top Chapter 11 Layout with Styles Note: The vast majority of this chapter entails evolving a single page layout for the fictitious Le Journal site. Getting Your Website Online22. TestingPart 5: Advanced Topics23. The CSS file progresses throughout the chapter, building upon the styles added in the previous pages. Learn HTML and CSS with the Visual QuickStart Guide – the quick and easy way! This new edition features over six hours of instructional video that guide you through HTML and CSS, getting you up and running with web development in no time. Every beginning web developer needs to understand them thoroughly, including the latest advances in these technologies, and the newest functionality that they enable. For example, currently the HTML that loads the image in specifying-img-size.html is as follows (the image path is highlighted): If you were to move cornermarket.jpg to a folder called "images" in the same directory as the HTML page, you would need to change the src value in the tag to . You can see working examples in the Chapter 6 (such as the first page: link-to-page.html), email-data.txt NOTE: This sample PHP script collects the information submitted with the form and emails it to the email addresses you specify in the script. Tables and Other Structured Data Elements9. Structure/Layout7. The path to your image is shown in the src value of each element needs to reflect this. The individual steps are shown after this box. Note: The majority of this chapter covers evolving the structure of a page's content. Colors15. Links6. You may also view that comment in your browser by activating the link to show-data.txt directly above this note. Back to Top Chapter 6 Links Back to Top Chapter 7 CSS Building Blocks Back to Top Chapter 8 Working with Style Sheets Creating an External Style Sheet Page 190, Fig A: style.css Linking to External Style Sheets Page 192, Figs A and B: style.css and link-external-style-sheet.html Page 193, Fig D: link-external-style-sheet-example2.html (it also uses style.css) Creating an Embedded Style Sheet Page 194, Fig A: create-embedded-style-sheet.html Applying Inline Styles Page 196, Fig A: apply-inline-style.html Page 197, Fig C and D: class-instead-of-inline.html and class-instead-of-inline.css The Cascade and the Order of Styles Page 198, Fig A: style.css Page 198, Fig B: importance-of-location.html (it also uses style.css) Page 199, Fig D: importance-of-location-example2.html (it also uses style.css) Using Media-Specific Style Sheets Page 200, Fig A: media-specific-style-sheets.html (it also uses style.css and print.css) Page 201, Fig B: base-styles-plus-media-print.css (view results in base-styles-plus-media-print.html) Back to Top Chapter 9 Defining Selectors Selecting Elements by Name Pages 206-207, Figs A and B: select-by-element-name.html and name.css Selecting Elements by Class or ID Pages 208-209, Figs A and B: select-by-class.html and class.css Page 210 (third tip): select-by-class-two-classes.html and class-two-classes.css Page 210 (second-to-last tip): select-by-id.html and id.css Selecting Elements by Context Page 212, Figs A-C: select-by-context.html and context.css (includes Figs B and C) Page 214, Fig E: child-selector.css (view results in select-by-child-selector.html) Page 215, Fig G: adjacent-sibling-combinator.css (view results in select-by-adjacent-sibling.html) Selecting an Element That Is the First or Last Child Page 216, Figs A and B: select-by-first-child.html and first-child-selector.css Page 217, Fig D: last-child.css (view results in select-by-last-child.html) Selecting the First Letter or First Line of an Element Page 218, Figs A and B: select-by-first-letter.html and first-letter.css Page 219, Fig D: first-line.css (view results in select-by-first-line.html) Selecting Links Based on Their State Page 220, Figs A and B: select-links-by-state.html and links-by-state.css Selecting Elements Based on Attributes Page 222, Figs A and B: select-by-attribute.html and attribute-selector.css Specifying Groups of Elements Pages 226, Figs A and B: select-by-groups.html and groups.css Combining Selectors Page 227, Fig A: combining-selectors.css (view results in combining-selectors.html) Back to Top Chapter 10 Formatting Text with Styles Note: The majority of this chapter covers evolving the formatting of a page's text and background. Back to Top Chapter 14 Enhancements with CSS3 Rounding the Corners of Elements Page 365, Figs A and B: rounded-corners.html and rounded-corners.css Page 367, Fig F: rounded-corners-more-examples.css (view results in rounded-corners-more-examples.html) Adding Drop Shadows to Text Page 368, Figs A and B: text-shadow.html and text-shadow.css Adding Drop Shadows to Other Elements Page 370, Figs A, B and D: box-shadow.html and box-shadow.css Applying Multiple Backgrounds Page 373, Figs A and B: multiple-backgrounds.html and multiple-backgrounds.css Page 375, Fig E: multiple-backgrounds-shorthand.css (view results in multiple-backgrounds-shorthand.html) Using Gradient Backgrounds Page 376-379, Figs A-I: gradients.html and gradients.css Setting the Opacity of Elements Page 382, Fig A: opacity-default.html (it also uses opacity-default.css) Page 382, Fig C: opacity-example-2.css (view results in opacity-example-2.html) Page 383, Fig E: opacity-example-3.html and opacity-example-3.css Page 395, Fig E: opacity-plus-ie-filter.css (view results in opacity-plus-ie-filter.html) Effects with Generated Content Page 384, Fig A: generated-content-without.html Page 384, Fig C: generated-content-arrows.html Page 384-385, Figs E and F: generated-content-bubble-triangle.html and generated-content-bubble-triangle.css Combining Images with Sprites Page 387, Fig A: sprite-without.html (it uses sprite-without.css) Pages 388, Fig C: sprite.css (it uses the same HTML as in Fig A: sprite.html) Back to Top Chapter 15 Lists Creating Ordered and Unordered Lists Page 390, Fig A: ordered-list.html Page 391, Fig C: unordered-list.html Page 391-392, Figs E and F: unordered-list-spacing.html and unordered-list-spacing.css Choosing Your Markers Page 393, Figs A and B: choosing-your-markers.html (the CSS is embedded in the HTML) Using Custom Markers Page 394, Figs A and B: using-custom-markers-step1.html and using-custom-markers-step1.css Page 395, Fig D: using-custom-markers-step2.html and using-custom-markers-step2.css Page 396, Fig F: using-custom-markers-step3.html and using-custom-markers-step3.css Choosing Where to Start List Numbering Page 397, Fig A: choosing-where-to-start-numbering.html Controlling Where Markers Hang Page 398, Fig A: controlling-where-markers-hang-default.html Page 398, Fig B: controlling-where-markers-hang-inside.html (the CSS is embedded in the HTML) Setting All List-Style Properties at Once Page 399, Fig A: setting-all-list-style-properties.html (the CSS is embedded in the HTML) Styling Nested Lists Page 400-401, Figs A and B: nested-lists.html and nested-lists.css Extra Example—how to style with classes instead (per second tip on page 401): nested-lists-with-classes.html and nested-lists-with-classes.css Creating Description Lists Page 404, Figs A and B: description-list.html (the CSS is embedded in the HTML) Page 405, Figs D and E: description-list-multiple-dts.html (the CSS is embedded in the HTML) Page 406-407, Figs G and H: description-list-nested.html and description-list-nested.css Back to Top Chapter 16 Forms Creating Forms Page 413, Fig A: form.html (This is the main form discussed throughout the chapter.) Page 414, Fig B: form.css Processing Forms show-data.txt NOTE: This sample PHP script collects the information submitted with form.html and displays it in your browser. Webforms10. Flexbox and CSS Grid17. This task-based, visual-reference guide has been fully revised and uses step-by-step instructions and plenty of screenshots to give beginning and intermediate scripters what they need to know to keep their skills up-to-date. Instead, it is common practice to keep your files organized by placing images in a separate folder ("img" and "images" are popular folder names). The images in the book feature concise steps and explanations, while the videos enhance and expand the information in the book and provide an alternative method for learning. From the basics to more advanced techniques, this book and Web Edition guide you through: Designing, structuring, and formatting sites Using images, links, styles, tables, and forms Adding media, visual effects, and animations Using CSS to gain full control over elements, fonts, colors, and layouts Making the most of sophisticated HTML5 and CSS3 capabilities Applying modern best practices for ensuring accessibility and responsiveness Principles of testing, debugging, and publishing sites and applications Exploring leading JavaScript libraries and build tools for more advanced web development Book ISBN-10: 0-321-99670-4 ISBN-13: 978-0-321-99670-1 With the proliferation of new, standards-compliant browsers, virtually all users and Web sites can successfully use the latest JavaScript techniques. Creating a Website on Your ComputerPart 2: HTML3. Disabling Form Elements Page 444, Fig A: disabled.html Page 445, first tip: toggle-textarea.js (disabled.html uses it) Back to Top Chapter 17 Video, Audio, and Other Multimedia Reminder: Include the HTML5 Shiv in the head of your HTML if you'd like Internet Explorer 6, 7, and 8 to recognize HTML5 elements and render the CSS you apply to them. Advanced and Experimental ElementsPart 3: CSS11. For instance, both example.css and styling-text-with-web-font.html evolve during the chapter, so I had to create multiple versions of them to provide you the files in their various stages. Chapters 2 and 21 aren't shown because they don't contain any examples. The end result is: structure-final.html Starting Your Web Page Page 44, Fig A: starting-web-page.html Creating a Title Page 48, Fig A: title-element.html Creating Headings Page 50, Fig A: headings.html Page 50, Fig B: headings-user-guide.html Page 51, Fig C: headings-h1-h6-default-display.html Page 52, Fig D: headings-subheading.html Creating a Header Page 54, Fig A: header.html Page 55, Fig D: header-two-header-elements.html Marking Navigation Page 56, Fig A: nav.html Page 58, Fig C: nav-deeper-look.html Marking the Main Area of a Webpage Page 59, Fig A: main-content.html Creating an Article Page 60, Fig A: article.html Page 62, Figs C + D: article-with-footer-and-comments.html Defining a Section Page 63, Fig A: section-news-site.html Page 63, Fig B: section-graduation-program.html Specifying an Aside Page 65, Fig A: aside.html Page 69, Ex 1: aside-nested.html Page 69, Ex 2: aside-with-nav.html Creating a Footer Page 70, Fig A: footer.html Page 72, Fig C: footer-larger.html Page 72, Fig D: footer-nested-in-article.html Creating Generic Containers Page 73, Fig A: div-none-but-page-styled.html Page 74, Fig B + C: div-with-more-styling.html Page 75, Fig D: div-no-page-styling.html Naming Elements with a Class or ID Page 82, Fig A: naming-with-class-id.html Adding the Title Attribute to Elements Page 84, Fig A: title-attribute.html Adding Comments Page 85, Fig A: comments.html Back to Top Chapter 4 Text Starting a New Paragraph Page 88, Fig A: paragraphs.html Specifying Fine Print Page 89, Fig A: specifying-fine-print.html Marking Important and Emphasized Text Page 90, Fig A: important-and-emphasized-text.html Creating a Figure Page 92, Fig A: creating-a-figure.html Page 93, Fig C: creating-a-figure-styled.html Indicating a Citation or Reference Page 94, Fig A: indicating-a-citation.html Quoting Text Page 95, Fig A: quoting-text-blockquote.html Page 95, Fig B: quoting-text-blockquote-in-figure.html Page 95, Fig D: quoting-text-q.html Page 97, tip: quoting-text-q-nested.html Specifying Time Page 98, Fig A: specifying-time.html Page 99, Fig C: specifying-time-as-article-date.html Explaining Abbreviations Page 101, Fig A: abbreviations.html Defining a Term Page 103, Fig A: defining-instance-of-term.html Creating Superscripts and Subscripts Page 104, Fig A: superscripts.html Adding Author Contact Information Page 106, Fig A: author-contact-information.html Noting Edits and Inaccurate Text Page 108, Fig A: noting-edits-del-ins.html Page 109, Fig C: noting-edits-del-ins-example2.html Page 110, Fig E: noting-inaccurate-text-s.html Marking Up Code Page 112, Fig A: marking-up-code.html Page 113 (sidebar): kbd-samp-var.html Using Preformatted Text Page 114, Fig A: preformatted-text.html Highlighting Text Page 116, Fig A: highlighting-text.html Page 117, Fig C: highlighting-text-example2.html Creating a Line Break Page 118, Fig A: creating-line-break.html Creating Spans Page 120, Fig A: creating-spans.html Other Elements Page 122 (u element): unarticulated-text.html Page 123 (wbr element): creating-line-break-opportunity.html Page 124 (ruby, rp, and rt elements): ruby-annotations.html Page 124 (ruby, rp, and rt elements): ruby-annotations-example2.html Page 127 (bdi element): bdi.html Page 128 (meter element): using-meter-to-provide-gauge.html Page 130 (progress element): indicating-progress.html Page 130 (progress element): indicating-progress-example2.html Back to Top Chapter 5 Images Note: To keep the examples simple for this chapter, all the HTML and image files are in the same folder. Got full access to HTML and CSS: Visual QuickStart Guide, 9th Edition and 60K+ other titles, with free 10-day trial of O'Reilly, or its affiliates Visual Quickstart Guide Last update: Oct 20, 2013 Scroll down the page or select a chapter from the list to view the code examples. Or Download All Code Examples (ZIP, 17.5 MB) (The primary reason the ZIP is so large is the media files used by examples in Chapter 6 and Chapter 17.) Notes: The page numbers shown below aren't necessarily accurate if you have either the EPUB or Kindle version of the book, because pages flow differently in those formats. Fonts14. You will need to change the name of this file to email-data.php and put it on a web server for it to work. "Fig" is short for "Figure" and "Figs" is short for "Figures." An item marked as an "Extra" represents an example that doesn't appear in the book. Open this file in your text editor and read the comment that begins with "TO TEST THIS SCRIPT" for additional important instructions. Readers should register their book on peachpit.com to gain access to the Web Edition, an online version of the book that includes the supplementary video.HTML and CSS remain the linchpin of the Web. There's also live online events, interactive content, certification prep materials, and more. You will need to change the name of this file to show-data.php and put the file on a web server for it to work. CSS PreprocessorsPart 4: Launching Your Website21. (It *won't* make the video or audio element work in these older browsers, though, because they don't support those HTML5 elements.) See "The HTML5 Shiv" in Chapter 11 (p.273) for details, or see Basic Elements5. In this updated ninth edition, readers will find new information on scripting for mobile devices and updated code to work with the latest versions of all major browsers. Structure/Layout16. All rights reserved. Performance24. They reference images in a folder called img. Media Queries18. Readers will also find an expanded focus on getting their JavaScript done quickly by using the near-ubiquitous jQuery library.
